

Letter of Support from Kim & Mary Andersson

"You have a prophetic mandate to continue to do what you've been successfully doing, and we are standing with you in believing for an even greater harvest to come."

Rich and Lindy,

We love you guys, and over all these years you have successfully buried yourselves deep within our hearts! Our people love you very much, as well, because they know that we consider you to be more than friends... "Family"... REALLY. During our 15 years of relationship, there is one thing, among many, that we have come to truly value about you too. You value the greater Body of Christ more than your own goals and desires. We've watched you tirelessly encourage and strengthen Christ's bride through your giving, counsel, and especially... hosting 1,000's of folks at your place over the years. You people truly are the "hosts with the most!" Christ's Body thanks you, and we thank you, dear ones! You have a prophetic mandate to continue to do what you've been successfully doing, and we are standing with you in believing for an even greater harvest to come.

With much love and affection,

Kim and Mary Andersson Christ the Rock Ministries
